Comparison Chart

Notes:

* Plan 3 distribution is based on an account balance of when distribution begins and is exhausted over years, your expectancy at your retirement date, with a post-retirement rate of return of %

** Contributions to Plan 2 may fluctuate from time to time. The total may not accurately represent all you have contributed to Plan 2.

This calculator is provided for educational purposes only and does not serve, either directly or indirectly, as legal, financial, or tax advice. You should always consult with your financial planner, attorney and/or tax advisor as needed.

Results and analyses are based exclusively on information provided by you and no assumptions are made as to your particular situation. Projection is hypothetical in nature and not predicated on or guaranteed. All investments carry a degree of risk and past performance is not a guarantee of future results. Asset allocation and diversification do not ensure a profit and do not protect against loss in declining markets. You should discuss rolling money from one account to another with your financial advisor/planner considering any potential fees and/or limitation of investment options.
